

Suggested Do-It-Yourself Service Maintenance Schedule

Hands-on Garage

First, check your glove box for your manufacturer's service manual to determine their recommended service schedule. If you don't have that book, this is a good guideline, based on oil changes every 3,000 miles.

Check Monthly

- Dashboard lights
- Interior/exterior lights
- Tire condition and pressure
- All fluid levels

Check every 3 months or 3,000 miles

- All **monthly** items
- Change engine oil and filter
- Belts
- Hoses
- Fuel filter
- Exhaust
- Battery and Cables

Check every 6 months or 6,000 miles

- All **3 month** items (including **monthly**)
- Lubrication points
- Air Filter
- Windshield Wipers

Check every 9 months or 9,000 miles

- All **3 month** items (including **monthly**)

Check every 12 months or 12,000 miles

- All **6 month** items
- Brakes
- Suspension
- Steering
- Cabin Air Filter
- Upgrade Navigation System
